CORPORATE OVERVIEW

ABOUT TRIVISION

TriVision Studios is an award-winning, full service agency that develops innovative strategies to achieve powerful and creative marketing, entertainment and media campaigns for its clients. We specialize in high-impact, result-oriented, brand advertising communications for ONLINE, PRINT & BROADCAST MEDIA. With more than 20 years of experience, we manage cross-platform innovative advertising and integrated communication programs for a diverse group of clients, ranging from small to large corporations, government agencies and some of the world's leading multi-national organizations. At TriVision, we develop creative ideas using the most advanced technology to command the attention of today's savvy customers, extending the reach and buzz of a brand, product or event.

OUR PHILOSOPHY

In today's complex global marketplace, the ability to effectively communicate is powerful and can eliminate language and cultural barriers. At TriVision, we believe an idea can influence thousands, but an idea communicated effectively can change the world. TriVision understands this challenge and has spent the last 20 years working with clients to produce high-impact marketing and media communications campaigns for online, print and broadcast media. Strengthened by an extensive business history, TriVision is a premier Washington DC marketing and media communications company, uniquely positioned to provide effective marketing solutions by utilizing the latest technologies and a state-of-the-art multimedia studio facility.

OUR TEAM

Our team is passionate about their art. We are committed to excellence and we know how to tell your organization's story and get you the results you need. We have a team of experts with years of solid experience who know how to create compelling video, graphics, content, web design and will do the market research necessary to make sure you are connecting to your audience and getting the message out. Our team creates marketing programs, video campaigns and web solutions that bring you results that will meet your agency's goals.

OUR SERVICES

At TriVision, we believe an idea can influence thousands, but an idea communicated effectively can change the world. In today's complex global marketplace, the ability to effectively communicate is powerful and can eliminate language and cultural barriers. TriVision understands this challenge and has spent the last 20 years working with our clients to produce high impact marketing and media campaigns for online, print and broadcast media. Marketing your agency's objectives will require integrated efforts and investments across all communications channels, from traditional broadcast and print media, to utilizing the power of Internet and social media.

TriVision's years of experience, media communication services and broad global reach allows our team to help you promote public awareness of your agency's mission and initiatives, enable public understanding of complex technical and social issues, and disseminate information to industry and consumer advocacy groups. From our creative design team, to our marketing research gurus, event planners, webmasters and video production crew, you will find TriVision to be your one stop shop for all your integrated marketing solutions needs.

PAST EXPERIENCE & CASE STUDIES

Project Title: "NCA Caretaker Training Program"

Client: U.S. Department of Veterans Affairs, National Cemetery Administration

Duration: February 2011 – December 2011

Type: Video Production, Editing, Shooting, Graphic Design Services

Background: The National Cemetery Administration honors Veterans and their families with final resting places in national shrines and with lasting tributes that commemorate their service and sacrifice to our Nation. NCA currently maintains nearly 3.1 million gravesites at 131 national cemeteries. The National Cemetery Administration has entered into a commitment with veterans and their families to provide the most dignified burial service and tribute available. Because the scope of the NCA includes 131 national cemeteries, they developed a detailed series of operational standards and measures to train caretakers how to appropriately maintain their cemetery and retain a uniformity of customer service nationwide.

One vital component of the training that was very much out of date was the video. As such, funding was made available for a series of training videos, divided by topic, to be used as a training tool for the caretakers. The topics covered included the interment process, vehicle maintenance, facilities maintenance, grounds maintenance, and setting and maintenance of headstones, markers, and niche covers. TriVision worked closely with NCA in all aspects of production over several months to create an effective and compliant training series. In addition to script consultation and shot list development, TriVision shot video on-location at multiple national cemeteries, and provided all post-production (including editing, voice over narration, motion graphics and visual effects, and DVD authoring and mastering). TriVision also produced, videotaped, and edited a 30 minute caretaker orientation video that highlighted experiences from seasoned cemetery directors, foreman, and the under secretary. You can watch the video using this link: <http://vimeo.com/55012452>

Results: The series has already started to be integrated with the current caretaker training program and the reviews are extremely positive. The use of out-dated material previously was taking away from the training experience and these new videos provide caretakers with a much better understanding of what is required of them as maintainers of our veteran's final resting places. The client has recently commissioned TriVision to produce a new video component to the series focusing on Winter Operations at National Cemeteries and will be completed in mid 2013.

Project Title: Carpet Book “SHEEP TO SHOP” & Trade Conference Marketing
Client: U.S. Department of Commerce, Iraq & AFG Investment & Recon. Task Force
Contact Person: Sophie DeMartine, Business & Industry Specialist
Duration: July 2012 to September 2012
Type: *Graphic Design, Publishing, Printing, Trade Show & Marketing Services*

Background: The United States Department of Commerce had a need for a creative services company to provide branding, design and printing services for a project which required not only quality work but also fast turnaround time. TriVision Studios was given the opportunity to provide design and printing services for a book illustrating the history and tradition of carpets and carpet making in Afghanistan. The goal was to develop and distribute the publication in time for the Afghanistan & USA Carpet Conference in Dubai. The purpose of this project was to recapture the potential of a very rich industry in the Afghan tradition. In addition to the book, the Task Force also needed to develop a strong marketing and brand messaging for ‘Afghanistan Trade & Investment Conference in Herat Afghanistan’.

Solution: TriVision was able to successfully deliver a high-end, full color 36-page book showcasing a very attractive cover as well as help modernize a beautiful Afghan tradition. The Afghan rug sector was revived through these initiatives and the design and print of a very informative publication outlining the process and various styles of Afghan rugs.

In addition TriVision produced a professional, creative and modern brand for the conference. Eight total design options were presented and the final logo (showcased below) was chosen by the U.S. Embassy. Upon final completion of the logo design, TriVision was tasked to create all promotional items for the event such as stage banners, retractable signage, lanyards, name tags, posters, tote bags and pens.

Results: The book was a major success at the conference in Dubai. The book is expected to be distributed throughout other international tradeshows. The Conference in Herat was a success. The US Department of Commerce is committed holding future events promoting trade between the two countries and TriVision is looking forward to be working with US Department of Commerce again in the future.

Project Title: “Veterans Health Watch” Monthly Cable Show

Client: VA Maryland Health Care Systems (VAMHCS)

Contact Person: Margaret Hornberger

Duration: February 2012 to Present

Type: Video Production Solutions

Background: The **VA Maryland Health Care System (VAMHCS)** is the leader in veterans’ health care, research, and education. VAMHCS is nationally known for providing exceptional services, such as medical, surgical, rehabilitative, neurological, primary, mental health and long-term care on both an inpatient and outpatient basis, to veterans across the state.

Veterans Health Watch is a monthly cable show sponsored by VAMHCS that provides information on health care benefits and services available to veterans and their family members. The show, which has been on air for over 10 years, also features health and wellness information, provided by dedicated VA health care professionals for the benefit of veterans and community residents. The show wanted to upgrade its production and reached out to TriVision to help facilitate.

Solution: In early 2012, TriVision took over production of the long running cable broadcast show as part of their continued work with the U.S. Department of Veterans Affairs. Working closely with representatives of the VAMHCS during all facets of production, TriVision provides monthly HD multi-camera studio services, as well as at remote locations such as the Baltimore VA Medical Center. Additionally, TriVision provides all post-production editing services which initially included giving the program a makeover by implementing motion graphics and animation, creating an updated look and feel to reflect the high quality of the content and production. The show currently extends to cable networks in counties in Maryland and Delaware.

Results: This March, ‘Veterans Health Watch’ will be filming its 100th episode. This significant milestone in the show’s history will feature current and former hosts, previous highlight from the show, and interviews with Veterans discussing the impact of the program. You can view one of the shows on this link: http://www.youtube.com/watch?v=IO3zQxn8Zpg&list=UUSNcQB7beALf0tRHZ_q5TVw&index=1

Project Title: Integrated Marketing Services

Client: CALNET, Inc.

Contact Person: Kaleem Shah

Duration: 2010 to Present

Type: *Integrated Marketing, Translation and Video Solutions*

Background: CALNET, Inc. is one of the fastest growing privately held companies in the intelligence analysis, language services, global aviation & security, and the information technology consulting services arena. Since its establishment in 1989, CALNET, Inc. has used Technology and Intelligence Analysis solutions to aid many of the largest government, telecom, financial, public sector, high-tech, and services organizations. CALNET, Inc. provides world-wide services, including Afghanistan, Iraq, Guantanamo Bay, and Korea.

Scheduled to participate in a conference, CALNET, Inc. did not have updated marketing collateral to bring with them. This was the catalyst that drove CALNET, Inc. to contact TriVision Studios in order to revitalize their overall brand aesthetic. After the initial meeting, it was clear that the challenge TriVision faced additionally included creating a stronger marketing agenda, as well as creating a corporate identity.

Solution: TriVision imparted creative design services which not only redesigned the CALNET logo, but also generated a new website and print materials. CALNET, Inc.'s new website took into consideration their new corporate image and a systematic color scheme to match. In addition to the new website, TriVision designed an assortment of print marketing materials, from business cards to folders, flyers, brochures, and exhibit booth displays.

A Member Of The
Inc.
5000

Moreover, TriVision produced a 3-minute marketing video to be used for web and conference presentations; as well as a 90-second condenses version to be used for exhibits and other forms of advertising. The marketing videos employed script development, professional voiceover recordings, 3-D logo animation, as well as motion graphics. You can watch the video using this link: <http://vimeo.com/54535423>

Results: The initial success of the complete marketing strategies has given way to TriVision's on-going collaborations with CALNET, Inc. performing multi-dimensional tasks relating to their marketing, brand, website, design, video production and custom printing. You can watch

Project Title: “Re-Entry and Reunification Program”

Client: Virginia Department of Corrections

Duration: October 2012 – December 2012

Type: Program Promotions via Video Production Services

Background: The Department of Corrections is providing re-entry transition services to offenders through partnerships with local jails. Selected offenders are relocated from prison to a local jail in their community to receive transitioning services such as life skills workshops and assistance with housing and employment. These services will strengthen public safety by better preparing the offenders for their return to the community.

Solution: As part of a grant for Second Chance Act Grant for a pilot program with female offenders in substance abuse treatment programs, the VDC needed to create a video, capturing the essence of this program and its success. In late 2012, the VDC approached TriVision to produce the video. TriVision provided pre planning strategy, scripting, production and post production services which resulted in a 10 minute video highlighting the program’s success. It included travel to multiple locations in Virginia to capture interviews from key program personnel as well as B-roll support footage. All the material was edited with the client at TriVision’s studio in Chantilly, VA. You can see the video using this link:

<http://trivisionstudios.com/engine/swf/player.swf?url=../data/video/vdoc.flv&volume=100>

Results: The video was well received by the client and by the board that reviews in-state projects and allocates future grant money. The video technically and emotionally conveys the impact of the program, which has helped to reduce the recidivism rate as well as bring once offenders home to their families with the tools available to follow a path to a productive and fulfilling life. In addition, the video was well enough received that similar video projects are being planned for 2013.

Project Title: US-Afghanistan Business Matchmaking Conference

Client: Afghan-American Chamber of Commerce

Contact Person: Hon. Don Ritter, President and CEO, AACC

Duration: 2004 - Present

Type: *Graphic Design, Marketing, Trade Show Management, and Video Solutions*

Background: The Afghan-American Chamber of Commerce (AACC) was formed to promote an open-market economy for Afghan-American businesses in Afghanistan as part of the USAID initiative in 2002. As Afghanistan moves to establish a democratic system and open-market economy, it is important to ensure that the system is open and fair for all. By forming partnerships with business associations, think-tanks, universities, local chambers of commerce and other business organizations that have vested interests in an open economy and a democratic political system, AACC continues to broaden its network and ensure fair trade in the region. Since the inception AACC, TriVision Studios has not only provided the branding efforts for the annual Business Matchmaking Conference, it has also combined its extensive service-based knowledge and expertise with years of marketing and media communications to provide event management. This included exhibit and registration management, lead track and survey management, online marketing, promotion and publicity.

Solution: Each year when the annual Matchmaking Conference approaches, AACC specifically requests TriVision's services in the field of logistics management such as stage design, AV & media services and venue booking as well as marketing aspects of the event such as sponsorship booth planning, public relations, registration process. TriVision sits down with the management team of AACC to plan and execute the ideas so the event is on time and on budget.

Results: TriVision has delivered great value to the Afghan-American Chamber of Commerce by providing them with tools to boost their productivity, networking, and support to keep them running and growing each successive year.

Project Title: “Broadcast Production Studio”

Client: Vice President Al Gore’s Office

Contact Person: Beth Alpert

Duration: June 2011 to January 2012

Type: *Studio Design, AV Equipment Procurement, Installation and AV & Video Equipment Training*

Background: The Al Gore Office in Nashville, Tennessee approached TriVision about the prospect to design and equip an AV studio where Mr. Al Gore could produce video blogs, interviews, announcements, and live streaming. The presented challenge was to provide a sound proof solution inside a busy office environment, while efficiently using the limited studio space. The studio needed space for a control room that included an editing system and audio mixing options; a chroma-key cyc wall with a variety of backgrounds; three HD cameras; a live switcher; and a teleprompter system.

Solution: TriVision dealt with this challenge by providing consultation for the construction team during the process, which required them to closely work with the Al Gore Office. In order to control sound transmission and ambient noise in the studio, insulation techniques and creative acoustic treatments were used. Additionally, schematic drawings were provided, by TriVision, for space planning and floor plan maximization.

TriVision was also in charge of equipment purchase and installation by recommending the best AV equipment for HD acquisition and live switching, as well as streaming. After the complete installation and integration of the equipment, the TriVision team provided orientation and training sessions for the new studio. In order to make sure the studio was used to its maximum capability; TriVision conducted interviews and helped in the hiring of studio personnel, which also required onsite interviews and training sessions.
